

SPAULDING LOST TO ST. ALBANS

Dropped Its First Game of the Season, 19 to 6, on Saturday

GAME WAS PLAYED ON ST. ALBANS GROUNDS

Spaulding's Team Play Was Ruled Out by Referee

For the first time this season, Spaulding high was defeated, 19 to 6, by St. Albans high on the latter's field Saturday afternoon. With this victory, St. Albans gained the title to the championship of high schools in northern Vermont, and unless Spaulding wins the next two games, that with Burlington high on the home grounds here Wednesday and with Montpelier Saturday afternoon or Inter-city back next Saturday, St. Albans may claim that title.

At the outset of Saturday's game, the St. Albans principal protested against James S. Barre as a referee, and to satisfy the caprice of the St. Albans principal and coach, Mr. S. Barre, who ability as a referee is unquestioned by college coaches of Vermont and New Hampshire, was assigned to the umpire's station. He, together with Coach Ross of Barre, resented the allegation that the tandem play, as effectively used by Spaulding throughout the year, was illegal, and before the contest had finished he convinced the referee that he was mistaken and the illustration given in the rule book to which he referred was the play of the illegal use of hands and arms by a player in possession of the ball. But this play was declared illegal in the first period of the game just after Murphy had made a touchdown. A penalty of 15 yards was imposed on the Spaulding players, and the touchdown ruled out. From that time on the play was not used.

The St. Albans team was in fine condition and cleanly outplayed their opponents. In the first period the St. Albans players made a touchdown by line plunges. It may be well to mention here that the work of Walsh, the St. Albans right halfback, was very effective, for with his weight and speed he crashed through the lines incessantly. The first goal was missed. Again in the second and third periods St. Albans put over touchdowns, kicking one goal.

In the first period, Smith of Spaulding tried a long pass to right end Greig. His pass was well directed, but just as Greig caught the ball he slipped and fell, losing the opportunity offered by an open field with no opposing player whatever ahead.

At various times Spaulding was compelled to kick after failing to make the down. This punting tack fell to Greig, for the most part, who made several long, high punts. Spaulding's touchdown came on a fumble by St. Albans. The quarterback was about to make a forward pass when Greig tackled him, he lost control of the ball, which bounced into the arms of Carpenter, the end, who played his first game of football a week ago, was Johnny on the spot, for he caught the ball and ran from the 50-yard district for a touchdown. Denmore failed to kick the goal. The summary:

St. Albans. Spaulding.
O'Neill, c. O'Keefe
Brigham, rg. Ellenwood
Miller, rt. Jones
Willis, re. Greig
Valley, lg. Delville
Burbank, lt. Ladd
Doherty, lb. Denmore
Dennison, qb. Smith
Walsh, rfb. Murphy
Ellis, lfb. Beaulieu
Abell, fb. Denmore
Substitutes—For Spaulding: Carpenter for lg for Denmore in second half; McMahon for Beaulieu in the third period; Eisenwinter for Ladd and Valz for Jones in the fourth period.

MONTPELIER HIGH DEFEATED.

St. Michael's High from Winoski Turned the Trick, 41 to 7.

Montpelier high school suffered defeat at the hands of St. Michael's high school of Winoski Saturday afternoon on the seminary campus in Montpelier by a score of 41 to 7. It was not a very interesting game, for Montpelier was using two substitutes, Ladd being out of the game because of his injured knee and Smith was unable to play, so Cobb and Lackey were used in their places. They gave good accounts of themselves, but it broke up the regular teamwork.

The field was in nice shape, for the boys had removed about four inches of snow from it during the morning and the clouds dried off rapidly. The day was right for fast playing and the visiting team, which is probably one of the strongest preparatory teams in the state, took advantage of that fact.

Montpelier's line was weak at left tackle, neither Bliss nor Ladden being able to stop the fast visiting team going through that side of the line. Fish played a strong game for Montpelier, while the other men who stood prominently in the game were Doherty and Doherty, the latter making most of the gains through the line, while Doherty did some nice work at end.

Montpelier obtained its single touchdown from carrying the ball by rushes about 50 yards down the field and then Whitcomb getting a nice forward pass that scored the touchdown, Lampert kicking the goal.

St. Michael's obtained its touchdowns from persistent rushing of the ball for long gains, the most of which was on skin tackle plays. Their line opened up places for the backs to make gains almost at will.

St. Michael's: C. Ryan, lb. Moulitis lt. Wynn lg. McGinnis c. Bowen rg. Cavanagh rt. Clifford re. Monet qb. Fallon lbh. Fleming rfb. W. Ryan fb. Montpelier—Whitcomb re. Brock rt. Heney rg. Kane c. Fish lb. Bliss lt. Doherty lb. Lampert qb. Cobb rfb. Lackey lbh. Dennelly fb.

Score, St. Michael's 41, Montpelier 7; touchdowns, Clifford 2, Scozzafava 1, Monet 1, W. Ryan 2, Whitcomb; goals from touchdowns, W. Ryan 5, Lampert; substitutes, St. Michael's, Lyons for Moulitis, Scozzafava for C. Ryan; Montpelier, Ladden for Bliss; referee, Ladd; umpire, Woodward; linesman, St. Mary; time, 12- and 10-minute periods.

VICTORY FOR NORWICH.

Defeated the University of Vermont at Northfield, 13 to 0.

Northfield, Nov. 10.—Two forward passes to Cole and Smith won an exciting game for Norwich on Saturday from the University of Vermont, 13 to 0.

The game was the second of the state championship series, Middlebury having won the first from Norwich a week ago Saturday.

The field was in good condition, and the open game used by Norwich was not hampered. Spectacular end runs by Johnson and Brock of Vermont were features.

Cole and Hyland of Norwich ran for long gains on end-around plays, and Smith shot off tackle for many yards and played gamely near their goal line. Vermont's line was strong, but the backfield was weak on forward-pass defense.

The students of Vermont arrived in a special train with their band and marched to the field. Snake dances by both colleges with the rival bands leading featured the intermissions. The summary:

Norwich. University of Vermont.
Cole, lg. Steele, lt. Re, Tomasi
Cameron, lg. rt. Lawler
Waite, c. e. Sunderland
Herrick, rg. Ag. Purcell
Walker, rt. Hyland, re. Barrows

PROPOSES COMBINE WITH RUSSIAN REDS

Mustapha Kemal Pasha Proposes Alliance with Lenin's, the Bolshevik Premier.

London, Nov. 10.—Mustapha Kemal Pasha, head of the nationalist Turkish government set up in Asia Minor, has proposed an alliance with Nikolai Lenin, Russian Bolshevik premier, according to an Exchange Telegraph dispatch from Copenhagen.

An army of 3,000 Turks to attack the nationalist forces, the report says, has been organized by General Ahmed Bey at Dela Kessen.

MINERS' STRIKE IS ENDORSED

Executive Council of American Federation of Labor Takes Action

CALLS ON PUBLIC TO SUPPORT MINERS

Characterizes Government Action as "So Autocratic as to Stagger Mind"

Washington, D. C., Nov. 10.—The American Federation of Labor to-day stands before the country as an unqualified endorser of the strike of the soft coal miners and as bitterly opposed to the action of the government in attempting to end the strike through injunction proceedings. The government's action is characterized as "so autocratic as to stagger the human mind."

Indorsement of the strike was announced last night in a statement issued by the executive council of the federation which pledged to the strikers the full support to give like "endorsement and aid to the men engaged in this momentous struggle."

After going into the history of events leading up to the strike, and since, the statement declared the course of the government in securing a court order at Indianapolis Saturday directing officials of the miners' organization to call off the strike to-morrow night an invasion of the rights of the miners and demanded the withdrawal of the injunction. Use of the Lever act, under which the court proceedings were instituted, was severely condemned as "an injustice to all liberty loving Americans."

After declaring that "by all the facts in the case the miners' strike is justified, we endorse it, we are convinced of the justice of the miners' cause," the statement concluded with the appeal to all citizens to support the strikers and promised support of organized labor.

600 NEW POLICEMEN ON DUTY IN BOSTON

More Men Are Still in Training for the Service—2,000 State Guardsmen Are Still Held in Boston.

Boston, Nov. 10.—Six hundred new policemen were officially reported on regular duty here to-day. They were successful applicants for positions made vacant by the strike of 1,100 members of the department last September. The number of men still in training for police work was not disclosed, but the civil service commission has announced the certification of more than 1,000, mostly former service men, since the general recruiting began.

There are 2,000 state guardsmen still on duty here, or about half the number called into service when the strike began. Further reductions in the guardsmen's forces are expected shortly.

GERMAN REVOLUTION ANNIVERSARY PASSED

There Was Not a Single Disturbance in Berlin—Some Raids Were Made.

Berlin, Sunday, Nov. 9.—Berlin was covered with snow on the occasion of the first anniversary of the revolution. The day passed without a single disturbance, meetings in all sections of the city being only moderately attended.

Communist headquarters were raided by the authorities to-day, the troops seizing red literature and maps showing division of Berlin into 18 communist districts.

"CORKAGE" TAX IMPOSED.

Against Those Who Bring Their Drinks to New York Eating Houses.

New York, Nov. 10.—New York hotels have levied a new charge, "corkage one dollar." It means that hereafter, men who enter a restaurant armed with a flask and women who secrete in their vanity-cases a tiny tube loaded with a pre-prohibition cocktail, must pay for the privilege of drinking their own drinks. One hotel man explained last night that there is about as much drinking as ever in public dining halls, sans revenue. Hence the "corkage" tax.

MANY LIVES ENDANGERED

Thousands of Deaths Due to Neglected Colds

Doctors declare that every winter thousands of lives are needlessly sacrificed through neglect of what at first is a simple cold.

There is grave danger in allowing a cold to "wear off." It is more often likely to wear away the lungs and start the development of pneumonia or other serious throat or lung trouble.

At the first sign of a cold you should take Father John's Medicine, which is a doctor's prescription with more than sixty years of success in the treatment of colds and coughs.

The gentle laxative effect of Father John's Medicine drives out impurities, and the tonic food elements build new health and strength to ward off further attacks of disease.

Another important point to remember is that Father John's Medicine is guaranteed free from alcohol or dangerous drugs in any form, so it is a safe medicine for all the family to take.—Adv.

ABOUT 25,000 MEN GATHER IN MINNEAPOLIS

For the First National Convention of the American Legion, Which Will Last Through Nov. 12.

Minneapolis, Minn., Nov. 10.—Twenty-five thousand delegates and alternates, representing practically 1,000,000 former soldiers, sailors and marines in every state and territory of the United States, are in this city on their way here to attend the first national convention of the American Legion, which will open here to-day. The convention will be in session for three days, concluding Nov. 12. The delegates will join with thousands of visitors and with residents of this city in a parade of celebration of armistice day on Tuesday, Nov. 11.

Officers of the legion feel that this convention will be of vital interest not only to former service men and women but to the country at large. Delegates confront the task of defining the policy of the legion with regard to national issues in which the welfare of the country and of its veterans of the great war are intermingled. Important questions to be submitted for decision by the convention include determination of the attitude of the legion toward the future military policy of the United States, and vocational education for war veterans, soldier land legislation and the future of war risk insurance.

Suggestion has been made by Franklin D. Diller of the state organization section, that in forming its committees, the convention should appoint one "to determine the exact limitation, if any, upon officers and committee members of national, state and post organizations with reference to their political activities, to maintain absolutely the non-political character of the American Legion."

Permanent officers of the legion are to be elected for the ensuing year. The location of national headquarters is to be chosen.

A policy of organization through state branches and local posts will be submitted for decision and the names of the state and national officers are to be determined.

Twenty thousand persons are expected to participate in the parade in observance of armistice day on Tuesday. War camp community girls stationed along the line of march will sing as the parade is passing. Addresses will be delivered at the conclusion of the parade. The election of officers, selection of permanent national headquarters and place of the next annual convention are not expected to be completed until Wednesday, the last day of the convention.

Minneapolis and St. Paul have prepared extensive programs of entertainments for the former service men and women outside of convention hours. A theatre party and boxing exhibition have been arranged in this city for to-night. A ball will be given for the visitors Tuesday night.

Although every delegate to the convention has served with the armed forces of the United States in the world war, it is understood that no uniforms are to be worn in the convention. There is to be no disfunction of rank. Priests, generals, seamen, naval officers and officers and men of the marine corps will mingle indiscriminately. The convention is to be composed not entirely of men, as a number of women delegates will represent posts of army nurses.

POINCARÉ'S VISIT TO ENGLAND IMPORTANT

One French Writer Says France's President Will Discuss Questions Relating to Putting Peace Treaty Into Effect Under New Dispositions by the United States.

Paris, Nov. 10.—Considerable importance is attached by the press to the visit of President Poincaré to England. According to Marcel Hittin, writing in the Echo de Paris, the president and Foreign Minister Pichon, who accompanies him, will discuss with Premier Lloyd George and Earl Curzon, British foreign secretary, questions relating to putting the peace treaty into effect, taking into account new dispositions by the United States.

The Russian problem, according to the writer, especially in view of the recent utterances of Premier Lloyd George, will also be the subject of discussion.

PROVISIONAL RATIFICATION.

Of the League of Nations Voted by Colombian Congress.

Buenos Aires, Nov. 10.—Advices received by the Colombian legation here report ratification by the Colombian Congress of provisional adhesion to the league of nations covenant.

CITIZENSHIP EXPEDITED

By the Measure Just Introduced in Senate by Dillingham

IMMIGRANTS GET QUICKER COURSE

Red Tape Is Removed from Worthy Candidates for Citizenship

Senator William P. Dillingham of Vermont recently introduced in the Senate a bill, Senate 3222, designed to remedy certain long-standing defects in the naturalization law, to increase and improve the administrative features of the law so that it will be adequate to the needs of the present time, and to place upon a broader foundation the Americanization work among prospective citizens which Congress has heretofore authorized.

Under the provisions of the present law many foreigners have been unnecessarily exposed to expenditure of money, time and to other hardships. Without interfering with the effective features of the law from the standpoint of our own protection, the new bill proposes to remove insofar as possible all the "red tape" which the law imposes upon aliens seeking American citizenship and which has often been an obstacle in the way of worthy candidates who would become a part of the country's political family.

The present law requires an alien, when he petitions for naturalization, to file with his declaration a certificate of arrival. This imposes a great amount of work on the part of the immigration officials at the ports of entry and often holds up the naturalization proceedings of individual cases, or rather unduly delays them. This certificate of arrival has been required of hundreds of thousands of aliens, and those who are intimately familiar with the naturalization law assert that it has been of no value in preventing aliens from fraudulent naturalization, and has never excluded an I. W. W., a polygamist, or anybody of the classes barred by the naturalization law from American citizenship.

The bill provides for the issuance of certificates of United States citizenship to those who become citizens by the act of the husband and father. The recognition of the American citizenship of the wife of foreign birth, when she marries an American citizen, and of her minor children, is long delayed. For over a century their status has been most precarious. The courts in a number of cases have held that the American citizenship judiciously of these minor children, but this measure accomplishes the universal recognition of all in this class.

Legal evidence of the American citizenship of the American Indian is provided by the act of the government, though tardy, will no doubt be brought to the fore with great rapidity.

A great deal of difficulty has been experienced throughout the country on account of the provision in the naturalization law which limits the filing of a declaration within 30 days preceding any election. This new bill proposes to limit the application of this provision to those states in which aliens are allowed the right of franchise. Those states are Arkansas, Texas, Missouri and Indiana.

Under the provisions of this measure an alien may, under certain circumstances, prove his residence in any part of the state in which he lives by depositions, thus eliminating the expense of transporting witnesses long distances. Another feature of interest to clerks of courts throughout the country is the provision for the correction of a petition for naturalization and a declaration of intention wherein erroneous statements have been unwittingly made. The present law is rigid and inflexible in this respect. Amendments to pleadings are the rule, every piece of litigation that is prosecuted in any court in the United States, with the exception of petitions for admission to citizenship.

Several provisions of the bill provide the means for the education and Americanization of prospective citizens.

Certain Aliens To Be Deported.

Senator Dillingham recently reported from the Senate committee on immigration a bill which adds to the class

Soft White Hands

Follow use of Cuticura Soap and Ointment. At night bathe them with the soap and water, dry and rub in the Ointment. Wear old gloves during night. Do not fail to include the exquisitely scented Cuticura Talcum in your toilet preparations. 25c everywhere.

LOOK! HERE IS GENUINE ASPIRIN

Safe, Proper Directions in Each "Bayer" Package.

The "Bayer Cross" marked on tablets means you are getting the genuine "Bayer Tablets of Aspirin," proved safe by millions of people.

In the Bayer package are proper directions for Colds, Headache, Toothache, Earache, Neuralgia, Rheumatism, Lumbago, Sciatica, Neuritis and for Pain generally.

Handy tin boxes of 12 tablets cost only a few cents. Druggists also sell larger Bayer packages. Aspirin is the trade mark of Bayer Manufacture of Monaceticacidester of Salicylicacid.—Adv.

of aliens who may be deported after customary hearings and findings by the secretary of war.

This bill affects approximately 500 men and four women interned as dangerous alien enemies detained in internment camps maintained by the war department. In view of the fact that there is no law, after the peace treaty has been ratified, whereby these persons can be deported the passage of this bill appears to be very probable.

Provision is also made under the terms of the bill for the deportation of alien enemies convicted of violations of the various acts passed in connection with the war, including the espionage act; the act to prohibit the manufacture, distribution, storage, use and possession in time of war of explosives; the act to prevent in time of war departure from and entry into the United States contrary to the public safety; an act to punish the wilful injury or destruction of war material or of war premises; the draft act and its amendments; the act to punish threats against the president; the so-called trading with the enemy act; the act which provides punishment for conspiracy against the government; and the act to defraud the United States in any manner or for any purpose.

This bill has already been passed by the House and will probably be brought up for early consideration in the Senate in view of the fact that the debates in the Senate on the peace treaty are drawing to a close.

"PORT OF MISSING MEN" GOES UNDER HAMMER

New York, Nov. 10.—The Keeley institute in White Plains, "the port of missing men," is being wiped out by the tide of prohibition. The old and spacious residence in which for nearly 30 years millionaires have gone to seek a cure for their thirst and have returned with glowing accounts of deer hunting in the Adirondacks, the marvels of the Yellowstone or the spell of the pyramids, is to go under the hammer to meet a mortgage of \$20,000.

Prepared for Cold Weather

Time now to think about the extra warm outer garments that you rely upon to protect you against our New England winters.

We're ready for you with a fine line of Mackinaws, Sweaters, Sheep-Lined Coats, Fur and Fur-Lined Coats, etc.

Just step in any day, and we'll be glad to show you these cosy, warm garments; try them on, and if you are not ready to buy just yet, we'll still consider that you've done us a favor just to look them over.

But you can't do yourself a better favor than to own one of these garments that defy the cold.

Winter Storage FOR YOUR BATTERY

Mr. Motorist: Winter weather is dangerous to your battery. It may seem strange to you that we are advising you how to preserve your battery, because we sell Vesta batteries; but this is our policy: To strive hard to make your old battery give up all it can before we even suggest a new battery. We want your confidence.

Don't wait until spring, after the winter damage is done.

Each battery is a separate problem. Its age, the amount of winter service required, and other details, enter into consideration with reference to the best methods of handling your battery. Come in and we will tell you honestly what we would do to keep your battery safe if it was our car and our battery. Your visit will not obligate you.

It doesn't matter what make of battery you are using, our service is the same. Use the 'phone if you want further information. But do something now.

Yours for expert service,

H. F. Cutler & Son
Opposite Fire Station Telephone 750

INOROUT The All-Round Varnish

NO varnish job can stump Inorout Varnish. It can be applied to the finest mahogany and rubbed down to an eggshell finish. Or it will take care of any outdoor job and withstand the onslaughts of beating rain, salt water and scorching sun. There is no limit to the uses of Inorout Varnish.

And once applied it stays for good. Boiling hot water cannot mar it. Sold in all sizes. Try it.

Bay State Liquid Paints are made to do any painting job. A little "Bay State" will keep things from being banished to the attic. Nothing is too old for Bay State Paint to save. Cut down the cost of repairs with Bay State Paint.
